Mindy Salzberg-Siegel, DDS, PC

38550 Garfield Rd., Suite C. ■ Clinton Twp

(586) 416-1444

Allow us to introduce to you a different kind of dentistry.

Envision an intimate, relaxed setting where a competent and loving team is fully invested in your unique needs; a place where extraordinary dental care is delivered with a precise and gentle touch. Welcome to the office of Dr. Mindy Salzberg-Siegel.

Dr. Salzberg-Siegel can accommodate all of your family's needs. Whether you seek to straighten your teeth with clear aligners using Invisalign or veneers for yourself, teeth cleaning for your son or daughter, or even replacement of missing teeth using dental implants--look no further. Dr. Mindy and her staff are happy to discuss your dental goals and concerns in order to help you achieve the appearance and carefree lifestyle you desire.

Her entire team is dedicated to continuous learning, incorporating new thinking and providing clinical excellence. Dr. Mindy says "by creating beautiful smiles, we help our patients radiate and reflect who they are on the inside and live with greater confidence."

They use the latest advances in technology, including intra-oral cameras, digital x-rays, and digital imaging. In addition, Dr. Salzberg-Siegel has attended extensive post doctorate training in advanced courses and as a result, her skill and artistry in full mouth rehabilitation has been, and will continue to impact the lives of many.

The patients of Dr. Mindy Salzberg-Siegel state that they have never before experienced such a high level of service, individualized care and precise dentistry, all delivered in an atmosphere of kindness and compassion....

"Dr. Mindy is so meticulous that she wouldn't settle for anything less than perfection. Because of her expertise and high standards I have never been happier with my smile." –Kathy V.

By committing herself to extensive and continual training, Dr. Salzberg-Siegel is able to offer her patients the finest care modern dentistry has to offer. "The energy I put into training and innovation pays off in the healthiest, most attractive smiles – the smiles my patients have been dreaming of for years."
